WEDDINGS

Blackmar-Martin.
A quiet but pretty wedding took
place at St. Andrew's church, New
York city, on Wednesday, Octo-
ber 12, when John Blackmar, M.D.,
and Miss Mildred Martin, both of
New York, were united in marriage
by the Rev. George R. Van de Water.

After the ceremony the bride and
groom received congratulations from
their newly furnished home, 49
West 12th street, where a wedding
breakfast was served by Mrs. Blackmar.

Many handsome gifts were
received as well as several congratula-
tory telegrams. Later Dr. and Mrs.
Blackmar left for a trip to Old Point
Comfort and Washington amid a
shower of rice and the many good
wishes of their friends.

Present from this city were Mrs.
Harriet S. Blackmar, mother of the
groom, and Miss Susie C. Whitteley.

Stebbins-Grochowski.
One of the prettiest weddings of the
season took place Wednesday after-
noon at 3 o'clock, when Miss Gertrude
Charlotte Grochowski and Alfred Steb-
bins were united in marriage by the
Rev. Theodore Bauck, pastor of the
German church. The ceremony took
place at the home of the bride.

The bride, who is a daughter of
Mr. and Mrs. Stebbins, was dressed
in a beautiful white gown, and the
groom wore a tuxedo. The wedding
was a simple but elegant affair.

After the ceremony a reception was
held at the home of the bride, where
many guests were present. The
wedding party included several friends
from both families.

The bride was accompanied by her
sister, Miss Katherine Stebbins, and
the groom was accompanied by his
brother, Alfred Stebbins.

The wedding was celebrated in the
presence of many guests, and the
ceremony was a most successful one.

The bride and groom will be wed-
ded on Wednesday morning at 10
o'clock at the home of the bride.

STATE POLICE VISIT VOLUNTOWN

**Three Places Raided, Jamaica Ginger and Hard Cider Be-
ing Secured in Considerable Quantity—Joseph Meg-
ary Fined \$220 and Costs.**

Voluntown by a vote of the towns-
people is no longer a quiet town, but
has become a place of considerable
notoriety. The state police, who have
been visiting the town recently, have
been successful in securing a consid-
erable quantity of Jamaica ginger and
hard cider, and have fined Joseph
Megary \$220 and costs.

The ginger was found in four
bottles and many empty bottles
were found. The ginger is about 90
per cent. alcohol, and the drinkers
have such a craze for it that they will
not take whiskey. No resistance was
offered to the state police during their
visits and search for the goods.

The accused were presented before
Justice John E. Tanner in Union hall
and prosecuting agent H. H. Burnham
prosecuted. Joseph Megary was fined
\$220 and costs, and the other two
were each fined \$100 and costs.

The cases against Whipple and Roode
were continued until Oct. 19. The
visit of the state police took place
between 11 and 12 o'clock. The resi-
dents of Voluntown are thoroughly
stirred up over the state of affairs
which has existed there and are deter-
mined to stop it.

CHIEF STANTON ADVISES ABOUT FIRE CALLS.

**People Should Learn the Companies in
Their Section When Calling by Tele-
phone—An Alarm Brings Quicker
Results and More Apparatus—Care
in Burning Leaves.**

Chief Stanton of the fire department
stated on Wednesday that in view of
the fact that the water in the reservoir
is at such a low point, the people
should take every precaution to avoid
a fire. This can be done in being care-
ful when burning leaves, and that
they are away from all buildings, and
that such destruction should not be at-
tributed to the fire department.

In case there is a fire, people should
not be backward about sending in an
alarm, and if they do not know how
to get the chief, they can call the
department directly. In case a tele-
phone alarm is sent in, which is often a
quick way of getting a company, care
should be taken to clearly state the
location of the fire, and not the police
station or the central station, unless that
is the nearest one. When the central
station is called, the fire department
will be sent to the place, and the call
will be sent from there to one of the
other companies.

An alarm will bring more companies
than a telephone call, and by the pres-
ent arrangements two chemical com-
panies go to nearly every call, so that
by getting there early it may be pos-
sible to extinguish the blaze without
the use of water. The vital point is
to get the chief, and the department
as soon as possible.

The chief has always had stations in
mind for fighting fires, and he has
along the river front in case of fire,
and it has been seen that these points
are available now. In case the use of
water is required, it takes a few
minutes for the engine to get into
action, however, and until they do city
water will be used only as occasion
demands. The city has but two engines,
and their capacity is limited, but ex-
tending possible is being done to
avoid a bad fire, and the help of the
citizens along this line will count for
much.

The chief is of the opinion that if the
department was equipped with auto
apparatus now the water would not
be so essential in the event of a fire,
and as the quick response which
could be made would permit a large
percentage of the fires being extinguish-
ed under his hand.

The water pressure is greatly re-
duced by the low water in the reservoir,
so that the pressure on the hilltops is
less than it was some time ago. It is
advised that the people should be care-
ful to the department be there
quickly to assist in the check-
ing of a fire, as a few minutes' work
after the blaze gets going.

BANNER YEAR OF CHELSEA BOAT CLUB

**Commodore Cary and Members of
Board of Governors Re-elected—
Proposition to Add to Clubhouse.**

By reports made on Wednesday eve-
ning at the annual meeting of the
Chelsea Boat club, which was held at
the New Haven Yacht club, the year
of 1910 was shown to be the banner
year for the club, the membership hav-
ing been sustained and the social and
business affairs of the club being con-
ducted with particular success.

Preceding the business meeting, a
chowder, toothsome concoction by
Proctor, was served at 7 o'clock, and
those who were seated at tables in the
past hall. During the supper hour an
orchestra of eight pieces, under the
direction of the club, played a pro-
gramme, which was enthusiastically
cheered and applauded.

Commodore Herbert B. Cary called
the business meeting to order, and
after 8 o'clock, Secretary J. Ralph
Howe reported a membership of 117,
the largest on record, with no resig-
nations during the year, and the re-
moval from the city. Of these there
were five, and six new names had
been added. Treasurer Walter M.
Hunt reported a balance on hand of
\$1200 and a balance on order of \$45.

Three of the board of governors—
Hon. Charles F. Cary, Hon. Daniel
S. Hayland—whose terms ex-
pired were re-elected for three years.
Commodore Cary was also re-elected,
as were auditors Charles H. Foster and
Carl W. Brown. The other members
of the board of governors are J. Ralph
Howe, Walter M. Hunt, W. Tyler
Olcott, George A. Richmond and
Arthur L. Pease.

A proposition to build an addition
to the boat house, about 20x20, and to
cost about \$500, was brought before
the meeting and laid to the board of
governors, with power. This would
be upon land south of the building,
and would provide room to shift ca-
noes from the present boat room. It
was stated, this providing more stor-
age room for launches.

A proposal to change owners of pri-
vate property, such as canoes and
boats, for storage room, was discussed
and recommended to the consideration
of the board of governors.

As Sachem chapter of the Eastern
Star was meeting in the adjoining
post room, its members were invited
to the chowder after their meeting ad-
journed, and they were warmly re-
ceived with thanks for the courtesy
of the boat club.

Trolleyman Do Not Like It.
There are differences between the
Connecticut company and the New
London trolleyman over the action of
the company regarding an employe,
and the trolleyman's action in re-
sponse to the action of the company
is not obtainable, but it is said to
be over the plan of the company to
put an employe named Joslin, who
has been employed for some time,
now employed at the New London car-
barn, on a run giving him the stand-
ing which his service in Norwich
would give him in New London.

A meeting of the New London trol-
leyman was held Monday evening at
the home of W. Alpha Lewis, mem-
ber of the state trolleyman's associa-
tion. Mr. Lewis refused Tuesday to discuss
the matter.

There has been a marked decrease
in Canada's merchant marine during
the last 25 years. In 1874 the tonnage
was 1,167,543; in 1909 it was 718,536.
